Summer Term 2: Edition 1

Friday 5th June 2026

The children created their own caterpillars using cotton pads and green and red paint. They carefully painted each cotton pad to represent the caterpillar's body and head, exploring colours and developing their creativity. This activity also helped strengthen their fine motor skills as they used paintbrushes and arranged the cotton pads to form their caterpillars.

The children enjoyed taking part in a fun "Feed the Hungry Caterpillar" activity inspired by the story. They fed the caterpillar different foods, helping them develop their counting, sorting, and hand-eye coordination skills. The activity encouraged discussion about healthy foods and reinforced familiar parts of the story.

To celebrate Eid, the children took part in many exciting activities throughout the day. They enjoyed games, crafts, and spending time with their friends in a festive atmosphere. The children were delighted to join in the celebrations, share special moments together, and learn about the importance of Eid. It was a joyful day filled with smiles, laughter, and wonderful memories.

We are very proud of all the children for their enthusiasm and participation this week. Thank you for your continued support, and we look forward to another exciting week ahead!
