

It has been wonderful welcoming our children back to nursery! We have had a lovely start to the new term, filled with creativity, exploration and lots of exciting Rabbi ul Awal activities. This week the children have been learning about the importance of Rabbi ul Awal and exploring the beautiful themes of the month through hands-on activities.

They enjoyed creating their very own masjids and explored different paints and colours before adding lots of sparkly glitter to make their artwork extra special. The children had a lot of fun choosing their colours, painting carefully and watching their masjids come to life.

Through our Rabbi ul Awal activities children have been given opportunities to learn, create and talk together while developing their fine motor skills, imagination and confidence, mashallah!

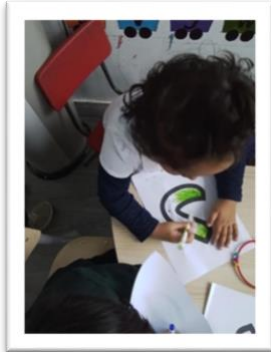

We have been encouraging the children to think about the beautiful qualities of our Prophet ﷺ and how we can try to follow his example in our everyday lives — by being kind to our friends, helping others, sharing, speaking nicely and showing respect.

We also introduced the children to the Nalayn Sharif, and they enjoyed making their own beautiful creations using colourful tissue paper and glue. This activity encouraged the children to explore different textures while carefully sticking and arranging the tissue paper. It was lovely to see their concentration, creativity and excitement as they completed their work

Arabic and Islamic Studies

This week in Arabic, children learned the letter (د) Name and Pronunciation and the new vocabulary word (دود) through games and engaging activities, they practiced recognising the letter among other Arabic letters. Children were also introduced how to ask someone about his name in Arabic "ما اسمك؟"
