

Autumn term 1 Edition 4

Friday 2nd October 2026

Our learning this week has focused on the beautiful theme “Allah gave me eyes to see.” The children have been exploring the amazing things our eyes allow us to see and discovering the world around them through lots of fun, hands-on activities. We talked together about how Allah SWT has blessed us with our eyes so that we can see the beautiful world around us. The children shared ideas about all the different things they can see, from colours and animals to people, plants and nature. We discussed how we should be grateful to Allah SWT for our eyes and all the wonderful blessings He has given us.

The children used their creativity to make their own binoculars and telescopes. They enjoyed pretending to be explorers and using their creations to look closely at the world around them. This activity encouraged imaginative play while helping the children think about how we use our eyes to observe things that are near and far away.

The children enjoyed using magnifying glasses, they carefully looked for tiny insects and other interesting things in our outdoor environment. They used their eyes to observe details and talked about what they could see, developing their curiosity and appreciation for the world Allah has created.

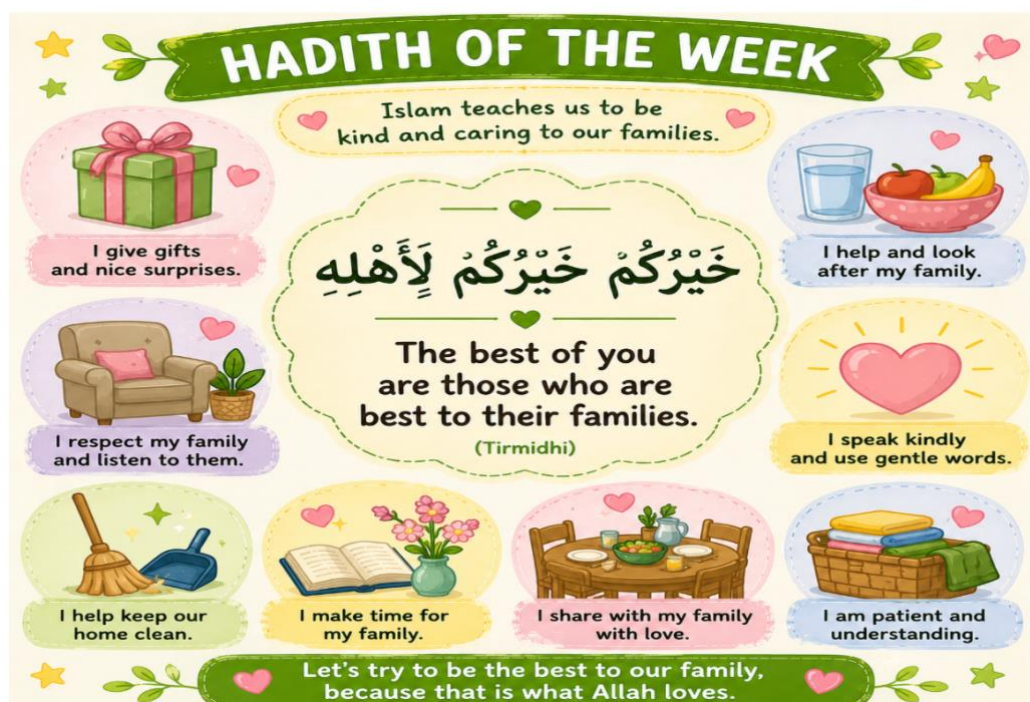

Arabic and Islamic Studies

This week, the children learned that Allah has blessed us with our senses. We discussed how Prophet Muhammad ﷺ listened attentively and always spoke with kindness and the good habits we should practice — including listening well, taking turns, and using gentle voices — and practiced the dua before entering the washroom together. Children continued memorizing Surah Al Fatiha (concentrate on Ayah 5) please revise it daily with your kids at home.
