Summer Term 2: Edition 4

Friday 26th June 2026

This week our story focus was 'The Three Billy Goats Gruff'. The children thoroughly enjoyed listening to the story, joining in with repeated phrases and talking about the characters. We explored the story through a range of engaging activities that helped develop the children's language, creativity and problem-solving skills.

Our creative activities included making playdough goats, where the children used their fine motor skills to roll, pinch and shape the playdough into their own goats. They also enjoyed junk modelling, working together to design and build strong bridges for the three billy goats to safely cross the river. It was wonderful to see their imagination and teamwork in action.

The children had great fun decorating their own trolls, choosing different colours and materials to create unique and colourful characters from the story. During our maths activities, we practised recognising and comparing sizes by sorting the goats into small, medium and large, helping to develop our understanding of size and ordering.

Our sensory play provided lots of opportunities for exploration, investigation and imaginative play. The children loved using their senses while discovering different textures and materials.

With the lovely warm weather, we enjoyed some special summer treats! The children were delighted to enjoy a refreshing ice cream, which brought lots of smiles and excitement.

One of the highlights of the week was spending time in the paddling pool. The children had so much fun splashing, playing with water toys and cooling down while developing their confidence and social skills through water play.
